

Positive Attitude Parent Newsletter

Longer Version:

This month Soul Shoppe will be at our school to focus on **Positive Attitude**. Rather than tell students what to do, Soul Shoppe reminds them that they are often faced with choices and that all choices get certain results. We are focusing on our attitude because our attitude helps us make better choices.

Soul Shoppe will tell stories about children who have been faced with choices, and who chose to believe that they could accomplish big goals and dreams. We encourage your children (as we know you do too!) to dream big and believe that they can follow their dreams—even if those dreams seem a little silly, too challenging, or impractical to us adults.

"Whether you think that you can, or that you can't, you are usually right." - Henry Ford

Shorter Version:

This month Soul Shoppe will be at our school to focus on **Positive Attitude**. Soul Shoppe will tell stories about children who have been faced with choices, and who chose to believe that they could accomplish challenging things. We encourage your children (as we know you do too!) to dream big and believe that they can follow their dreams—even if those dreams seem a little silly, too challenging, or impractical to us adults.
