

Cooperation- Parent Information

Greetings Parents!

Soul Shoppe is teaching about **Cooperation** at your child's school this month.

The main tool we are teaching is:

- "We are stronger together"- since everyone is important, and everyone has their own ideas of how to do things, we need to learn how to work together.

You can help your child practice Cooperation by:

- Identifying projects your family can accomplish together through cooperation.
- Affirming the different interests and gifts you see in your child.
- Watching for when your child gets to the age when they start to recognize what other children are NOT good at. Be a model of pointing out good things in others.
- Encouraging your child and his/her friends to cooperate when they play together.
- Asking your child what it means to be "stronger together".
